Accreditation

The School of Mines is accredited by the Higher Learning Commission of the North Central Association of Colleges and Secondary Schools, the recognized accrediting agency for the north central states. The curriculum in Chemistry is accredited by the American Chemical Society. All engineering programs with the exception of Environmental Engineering and Mining Engineering and Management, which are new programs,

are accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET), a special accreditation body recognized by the Council on Post-Secondary Accreditation and the U.S. Department of Education. The computer science program is accredited by the Computing Accreditation Commission of the Accreditation Board for Engineering and Technology.
